A lot of people think that job satisfaction is only for other people. They look with envy on people who love their jobs and who don't think of them as work. The idea of earning a living from something you really like doing only applies to a few very lucky people, they think. But this isn't so. It's not only people in the so-called 'glamour professions', for example, who can get genuine job satisfaction. You don't have to be in the arts or a sports person to get enjoyment from what you do for a living. Even if you're in a boring job, it's quite possible to get some satisfaction from it.

1. The writer's aim in the first paragraph is to _____.

A distinguish between different kinds of work

B correct a false belief

C define the term 'job satisfaction'

b. Dopasowywanie nagłówków

Przeczytaj tekst. Dobierz właściwy nagłówek do każdej części tekstu. Wpisz odpowiednią literę w kratkę.

Despite its bad reputation, stress historically had a vital role to play. Commonly referred to as the 'fight or flight' mode, the sudden release of stress hormones like adrenalin and cortisol causes the heart to beat faster, airways to dilate and blood vessels to open up, all of which push the body towards optimal performance and, ultimately, survival. In the rest of the animal kingdom, this is still often the difference between life and death. As he springs off to freedom, the lucky gazelle who escapes the lion can thank this primal evolutionary response.

A. How stress can be useful

B. Managing stress in job interview

c. Dopasowywanie brakujących fragmentów zdań
